The Canine Influenza Virus Surveillance Task Force
Testing Summary
3/2/2015 - 7/10/2015

The influenza data displayed is a compilation of several different sources. Multiple laboratories (below) are contributing testing information to enable a more complete picture of H3N2 distribution and activity.

Cornell University Animal Health Diagnostic Center
Idexx Reference Laboratories (national)
Michigan State University Diagnostic Center for Population and Animal Health
Ohio State Animal Disease Diagnostic Lab
South Dakota Animal Disease Research and Diagnostic Laboratory
Texas A&M Veterinary Medical Diagnostic Laboratory
University of Georgia Athens Veterinary Diagnostic Laboratory
University of Minnesota Veterinary Diagnostic Laboratory
Wisconsin Veterinary Diagnostic Laboratory

This map represents testing efforts of the participating veterinary diagnostic labs and does not capture all testing performed nationally. The data should not be used as the sole information source for the distribution of H3N2 in dogs in the United States.
The Canine Influenza Virus Surveillance Task Force

Testing Summary

3/2/2015 - 7/10/2015

Nationwide CIV testing by week

Positive test results by week for Chicago, IL and Atlanta, GA areas
