Faculty Position in Large Animal Surgery

The Department of Clinical Sciences in the College of Veterinary Medicine at Cornell University invites applications for a tenure track faculty position in the Section of Large Animal Surgery. The collective goals of the Section include supporting robust pre-clinical and clinical research programs, providing excellent surgical services in the Equine and Farm Animal Hospital, and maintaining strong teaching, and outreach programs. The successful candidate will join six board-certified surgeons (soft tissue and orthopedic) supported by 5 experienced licensed veterinary technicians, and 3 surgery residents. The Equine and Farm Animal Hospital is a state-of-the art teaching and referral hospital, and it is equipped with a comprehensive range of therapeutic and diagnostic equipment.

Candidates must have a DVM or equivalent degree and be board certified by the American College of Veterinary Surgeons. They should have demonstrated aptitude for clinical and/or basic science research. Possession of an advanced degree (Master’s or PhD) is desirable.

Cornell University is a progressive institution where clinical innovation and research are a priority. There are extensive opportunities for independent and collaborative research within the College of Veterinary Medicine and within the University as a whole; these extend to Weill Cornell Medical College and Cornell Tech (Cornell’s new graduate technology campus) both of which are in New York City.

Clinical duties will require flexible working hours that may include daytime, evening, and weekend responsibilities. The successful candidate should have strong interpersonal skills and the ability to work cooperatively with all of the sections in the Hospital. They will also be expected to develop case load by reaching out to referring veterinarians and clients.

Distribution of effort in the section and department will be determined in accordance with the service needs, academic priorities, and the candidate’s academic goals and expertise. Salary, rank and title will be commensurate with academic credentials and experience.

Cornell University embraces diversity and seeks candidates who will create a climate that attracts people from all races, nationalities and genders. We strongly encourage underrepresented minorities to apply. The University seeks to meet the needs of dual career couples and has a Dual Career program to assist with dual career searches.

For more information, go to: http://www.vet.cornell.edu/clinsci/ or contact Dr. Robin Gleed, Chair of the Search Committee at rdg2@cornell.edu.

Electronic application submission is through Academic Jobs Online: https://academicjobsonline.org/ajo/jobs/5264.

The required sections of the application include a cover letter describing your research interests, teaching philosophy and clinical interests, curriculum vitae, and the email addresses of 3 referees who are familiar with your professional abilities and who may be invited to upload letters of reference at this site.

Review of applications will begin 1/21/15 and continue until the position is filled.
