Join us for the inaugural New York State Spring Veterinary Conference at the Westchester Hilton in Rye Brook, N.Y., May 16-18! Co-hosted by the New York State Veterinary Medical Society (NYSVMS) and Cornell University College of Veterinary Medicine, this Spring conference will feature the top-notch CE that has been the hallmark of the annual NYS-VC Fall conference in a location convenient to the Metro New York and tri-state region!

NYS-VC Spring will focus on companion animal medicine with four concurrent medicine and surgery tracks per day with one track for veterinary technicians. In addition to earning 19 CE credits, NYS-VC Spring will provide opportunities to network with your tri-state peers and visit our expanded Exhibit Hall - featuring a variety of vendors devoted to all aspects of veterinary practice. Social events will include a Conference Reception with Exhibitors on Friday evening and the annual Purple Party and Silent Auction on Saturday night – always a highlight of the Fall conference!

To register online for this year’s conference log onto www.vet.cornell.edu/nysvc or complete the registration form in this packet and mail it to NYSVMS at the address listed. Register by April 15 to take advantage of discounted early registration fees. If you miss the early bird deadline, you can still avoid the on-site registration fee surcharge by registering online or through the mail by May 2.

If you can’t make the NYS-VC Spring conference, please mark your calendars to attend the 7th Annual NYS-VC Fall conference October 11-12, 2014, in Ithaca, N.Y. The NYS-VC Fall conference will feature companion animal, bovine, equine, hobby pig and chicken, and camelid/small ruminant tracks, as well as the Conference Celebration dinner.

We look forward to seeing you in Westchester this May, or in Ithaca this October, or BOTH!!

New York State Continuing Education Credit

The NYSVMS and Cornell University College of Veterinary Medicine are approved New York State continuing education sponsors. New York State Veterinary Conference will offer a maximum of 19 hours of continuing education credit to veterinarians and veterinary technicians attending this conference. Veterinary technicians may only receive CE credit for classes that are within their scope of practice as defined by the NYS Board for Veterinary Medicine. Classes approved for credit for veterinary technicians are marked with [ ] on the schedule.

RACE Credit

This conference has been submitted (but not yet approved) for 19 hours of continuing education credit in jurisdictions that recognize AAVSB RACE approval. However, participants should be aware that some state veterinary boards have limitations on the number of hours accepted in certain categories and/or restrictions on methods of delivery of continuing education.

CE Certificate Procedure

Verify your attendance at the conference by signing-in at the registration desk when you pick up your badge and conference materials. You will only need to sign-in once at the conference. The Certificate of Attendance will be emailed (or mailed by request) after the conference. The back of the certificate will list all of the classes presented at the conference. Check-mark all of the classes you attended. A CE tracking form will be provided with each conference program book for use during the conference to track the sessions you attended. If you are selected for a random audit by the NYS Board for Veterinary Medicine you will be asked to submit this proof that you satisfied the mandatory continuing education requirements. Each individual is responsible for maintaining personal records of continuing education for six years from the date of the course.

Conference Information

Conference Reception with the Exhibitors - Friday, May 16
Enjoy good food and drink at the Conference Reception while greeting friends and colleagues and visiting the exhibit booths.

Purple Party and Silent Auction - Saturday, May 17
NYS-VC registrants and exhibitors are invited to the Purple Party and Silent Auction.

The Purple Party celebrates the NYS-VC partnership between the NYSVMS and the College of Veterinary Medicine. This partnership is reflected in the NYS-VC logo and the prominent use of the color purple. Why purple? When Cornell’s Big Red and the blue of NYSVMS are blended, the two colors become one – PURPLE!

Be sure to bid on some of the beautiful, historic and fun items available in the Silent Auction! The Silent Auction will also feature the popular Wine Wall giveaway. For every $30 wine wall ticket, a participant will go home with a gift wrapped bottle of wine valued at $25 or more. Nearly half the bottles won in 2012 and 2013 were valued between $50 and $100!

The funds raised at the Silent Auction benefit the NYSVMS’ legislative advocacy through the Veterinary Political Education Committee and the NYSVMS scholarship, awarded annually to a veterinary student at Cornell. The NYSVMS scholarship was established in 1994 as a permanently-endowed scholarship at Cornell University. The scholarship provides tuition assistance to New York State residents who are third- or fourth-year students and interested in organized veterinary medicine.

Contact NYSVMS headquarters and let us know what YOU can donate!
