Application for Admission to

AQUAVET®III – Clinical Aspects of Captive Aquatic Animal Medicine

AQUAVET®III application requires submitting these things:
1. Completed application
2. Current CV (Curriculum Vitae)
3. OFFICIAL transcripts of all college-level training (undergraduate and veterinary school – also any graduate school you might have taken).

“OFFICIAL” means they must be sent directly to the director from the university (electronically if possible). Students not from North America should contact the director to inquire about options.

These items must be received no later than January 15th.

Electronic submission is required for the application and preferred for the transcripts.

NOTE: If you applied in the past for any of the AQUAVET courses, you only need to supply the updated transcripts along with this application and CV.

Only if transcripts cannot be submitted electronically, OFFICIAL copies can be mailed here (to be received by January 15th). All electronic materials should be sent to the email below.

Donald W. Stremme, V.M.D.
AQUAVET® Director
Cornell University
College of Veterinary Medicine
Microbiology and Immunology
C5181 Vet Medical Center
Ithaca, NY 14853

aquavetmail@gmail.com
609-350-3044

The director will acknowledge receipt of your applications materials. If you have not had a response, they might not have been received.

Notice of admissions decisions will be sent by March 1.
Applicant Name:

2. Personal Data

NAME
   Title (Ms, Miss, Mrs, Mr, Dr, Prof):
   Last:
   Middle Name or Initial (not required):
   First:

E-MAIL
   Preferred:
   Long-term (still good in 10 years):
   Other:

PHONE
   Mobile:
   Other (indicate if office, home, etc.):

CURRENT mailing address:

Permanent address (where you can be reached in 10 years), if different from above:

Current academic curriculum or position
   If employed (indicate where):
   Degrees Awarded:
   If in school indicate:
      Class of (indicate year):
      Planned end of internship/residency (year):
Applicant Name:

2. Education and Training

Be sure your educational and professional training are clearly indicated on your CV.

It is also helpful for the admissions committee, if you highlight which undergraduate, graduate or veterinary courses you have taken relating to exotics, wildlife or aquatics. List them below; we will look for these on your transcripts. If more space is needed, list these on a separate document.

Participated in AQUAVET® I – in which year?: ______

Participated in another appropriate preparatory course in aquatic veterinary medicine:
(please give details including name of course, site, dates)
3. Summary of Goals and Motivations

Please submit a statement, between 250–400 words in length, expressing the basis for your interest in aquatic veterinary medicine. Include past or current events that have contributed to the interest such as education, work, or other experiences relevant to marine and/or fresh water biology, aquatic veterinary medicine, or related fields. Be as specific as possible in describing your currently recognized career goals and the reasoning that led to them. NOTE: You may submit this as a separate document, but must keep the word count under 400. Also, you may not use the word “passion” or any of its derivatives.
