College of Veterinary Medicine

PRE-VET NEWSLETTER

March 2020
(volume 2)

Message from the Director of Admissions

There are so many changes to all our lives and necessary precautions being taken to keep all our communities safe because of Covid 19, it is often hard some days to keep up. Life has been disrupted and we are all trying to find some balance. As we go through this difficult period, I want to assure you the College of Veterinary Medicine's *DVM Admissions Office* has not stopped working for you. Should you have any questions about your preparation for a future application or if you are applying this cycle and have questions know we are here to assist you.

As always, please feel welcome to [email](#) us anytime. I also continue to offer phone appointments for applicants looking for ways to strengthen a future application and pre-vets looking for guidance as they continue their preparation. Because we are not offering in-person appointments on campus for the near future I will be offering virtual appointments for those who prefer a face to face appointment. You can schedule any of the above on our [web site](#) (scroll to the bottom of the web page to the "*Bookings*" link).

Stay safe and take care of yourselves,
Jennifer Mailey
