Clinical Faculty Position in Anesthesiology

The Department of Clinical Sciences, College of Veterinary Medicine, Cornell University invites applications for a clinical track position in the Section of Anesthesiology. Candidates must have a DVM or equivalent degree, and should be board certified or board eligible by the American College of Veterinary Anesthesiologists (ACVA) or the European College of Veterinary Anaesthesia and Analgesia. The candidate will be expected to have experience in clinical anesthetic management of small, large, and exotic animals, and have a focus on teaching students and residents and collaborative research.

The section of Anesthesiology and Pain Medicine at Cornell currently has four ACVA board-certified faculty members, four residents, and eight veterinary technicians who work in a modern, well-equipped teaching hospital with a diverse large, small, and exotic animal caseload. Cornell University is a world-class teaching, clinical, and research institution. There are extensive opportunities on campus for collaboration with basic scientists and clinicians of all disciplines. Additionally, Weill Cornell Medical College in New York City provides the opportunity to participate in an established anesthesia residency elective rotation program.

Responsibilities will be determined in accordance with the service needs, academic priorities, and the candidate's areas of clinical research interest within the specialty of anesthesia. Effort will be distributed among clinical teaching and service in the Cornell University Hospital for Animals, research, and didactic and laboratory instruction of veterinary students and residents.

Salary and rank will be commensurate with academic credentials and experience.

Cornell University is an equal opportunity, affirmative-action employer committed to employing a highly qualified, diverse faculty. Women and under-represented minorities are encouraged to apply. Cornell seeks to meet the needs of dual career couples, and has a Dual Career program.

Cornell is located in Ithaca on the shores of Cayuga Lake in the beautiful Finger Lakes region of New York. Ithaca is a vibrant city with art museums, theaters, and a diverse selection of restaurants. It is within driving distance of several large metropolitan centers, award-winning wineries, and downhill skiing areas. Ithaca is a nature-lover's paradise with ample opportunity for outdoor activities. Easy campus-to-campus bus transportation allows one to explore or develop collaborations in NYC while enjoying the "Ithaca is Gorges" lifestyle.

For more information, go to: <http://www.vet.cornell.edu/clinsci/> or contact Dr. Peter Scrivani, Chair of the Search Committee at pvs2@cornell.edu.

Electronic application submission is through Academic Jobs Online:
<https://academicjobsonline.org/ajo/jobs/11241>.

The required sections of the application include: cover letter describing your clinical and research interests/expertise and teaching philosophy for house staff, DVM students, and

veterinarians in continuing education programs; curriculum vitae; and email addresses for letter requests of 3 referees who will be invited to upload their letters at this site.

Review of applications will begin on July 2, 2018 and continue until the position is filled. Anticipated start date to be determined.
