Veterinary Medicine

Student Alumni Veterinary Experience

Enrollment Form for 2024

The *Alumni Association Executive Board (AAEB)* is guided by the mission to promote the interests of the veterinary college and its alumni.

As well, the Alumni Association "will aid in the preparation and development of veterinary students." With these goals in mind, the Board recognizes a strong need to help students from all four years connect with CVM alumni (mentors) in a real world setting while also receiving on hands experience, in a variety of programs (clinical and nonclinical).
