(607) 256-5600

Special topic:

## Pet CPR

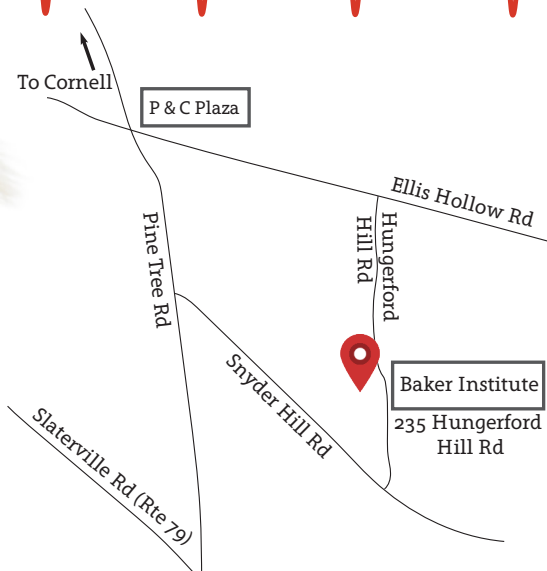

Do you know what to do if your pet suddenly collapses? Learn the basics of **cardiopulmonary resuscitation (CPR)** so you can help your dog or cat until they can get to a veterinarian.

Join us for this **FREE** public event!

Daniel Fletcher, PhD, DVM

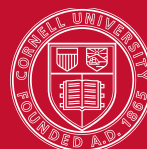

In this hands-on demonstration:

- Learn how to check the airway
- Learn to do chest compressions and mouth-to-snout ventilation
- Practice CPR on mannequin cats and dogs
